BOLETÍN II. SEGUIMIENTO COMPORTAMIENTO CONSUMOS ACUEDUCTO.

Principales ciudades en estado de emergencia Covid – 19

Se ilustran a continuación los consumos promedio (m^3 /suscriptor) en las principales ciudades con algún nivel de afectación por COVID-19, según reportes Minsalud, teniendo en cuenta los siguientes parámetros:

- Universo de suscriptores de grandes prestadores de las respectivas ciudades.
- Período de observación comprendido entre enero a mayo para los años 2019 y 2020.
- Usos residenciales y no residenciales.

01 Uso industrial

Es el servicio que se presta a predios o inmuebles en los cuales se desarrollen actividades industriales que corresponden a procesos de transformación o de otro orden.

02 Uso comercial

Es el servicio que se presta a predios o inmuebles destinados a actividades comerciales, en los términos del código de Comercio.

03 Uso oficial

Es el que se presta a las entidades de carácter oficial, a los establecimientos públicos que no desarrollen permanentemente actividades de tipo comercial o industrial.

04 Uso especial

Es el servicio que se presta a entidades sin ánimo de lucro, previa solicitud a la empresa y que requiere la expedición de una resolución interna

05 Uso temporal

Es el servicio que se presta a obras en construcción, espectáculos no permanentes, y a otros servicios no residenciales de carácter ocasional, con una duración no superior a un año, prorrogable a juicio de la empresa

06 Uso provisional

Es el servicio que se presta mediante fuentes de suministro de carácter comunitario, en zonas urbanas sin posibilidades inmediatas de extensión de las redes de suministro domiciliario.
